Midnight Mandalas Vol. 1: A Stress Management Coloring Book For Adults

Synopsis

Come Over To The Dark Side... ...with this unique Mandala black background adult coloring book. We took the 50 Mandalas from our popular *The World's Best Mandala Coloring Book Volume 1* and did a bit of black magic on them to turn them into fantastic white Mandalas with all black backgrounds. Think of the possibilities of coloring these with bright neon pencils or markers and remember, as with all of our books, each image is printed on its own page.

Customer Reviews

I love this book and got hooked immediately. I have seen other midnight(black background) books and they were not attention grabbing. Her images make you want to color them. This one is a take along size, just grab some gel pens and the book and go. So convenient for on the go coloring. The images are clean and clear and the paper is a great weight. My gel pens did not go through the paper. If you love mandalas then this is a must have, especially if you like to take your coloring on the go..... The images are printed on one side. I colored in the book ,however you can take them out or scan them without taking them from the book because of the size of the book.

Great books!! I'm coloring in this book now and I am enjoying it so much. Love the black background !! It is full of wonderful designs for you to take and add your flair. Have fun with them!! This series of Marti Jo's Coloring, Midnight Mandalas consist of 8 books. And they are fantastic!! Give them a try you will be addicted to Marti Jo's Coloring!! If you're not a fan of the black background they have a whole line of white page Mandalas too!!! was not giving any compensation

for my review. It's an honest review.

If you like coloring mandalas, you're going to LOVE this amazing book from Penny Farthing!!! The black background for these beautiful drawings, makes the color just "pop"!!! I couldn't put it down after my first completed coloring!!! Absolutely love this book!! Thank You Penny for such an amazing book:))))

My favorite mandala book! So many opportunities for adult coloring enthusiasts of every level. Love using my neon gel pens truly POP with these black backgrounds. Every adult coloring enthusiast must have this book in their collection. When I can't make my mind up about what book I'm going to use, I go to this trusty gem!

Boring Large puzzles but no fun designs They all look the same Hoping to find something better ton waste time and ink on If you want to do something over and over this bokj would probably please you But it bored me after a fw pages

This is an awesome coloring book! All of the pages are black background which makes the colors "pop" off the pages! The pages are thick but you will need a backer page because permanent ink will bleed thru.

I LOVE this book!! The black backgrounds are perfect for making the colors POP! I've used ultra-fine point sharpies, gel pens and Crayola super tips and all of them work wonderfully with the pages. The sharpies do bleed through a tiny bit, so an extra sheet of paper works as a good barrier. I definitely plan on buying volume 2 and 3 when it comes out!!

I bought Vol 1 & 2 together. Very good quality book with nice patterns. It's a refreshing change from conventional coloring books but you need to find special markers that are very colorful and fluorescent to make the designs really pop. I used normal felts and the colors seemed too muted.
