## Customer Reviews

This coloring book surpassed my expectations in terms of quality and diversity. If you enjoy the OJST comic series, you will love this book. It features people of all body types, genders and ethnicities in some very fun and sexy situations. Many different positions are shown and there is an item hunt throughout the book for various sex toys. Highly recommended!

The best coloring book in the history of ever. I LOVE that this is printed one per page in case of your markers bleeding through. The pages are thick, and very high quality. I am buying more for all my friends birthday's coming up.

Fantasic coloring book. Large spaces to color without being too large. Lots of variation on images. It's also really relaxing/exciting to see all the lovely people loving people. Best coloring book I've

bought yet.

Awesome - exactly what I wanted/expected. Moen's work shines as usual.

My fiancée really liked all the diversity of bodies and personalities portrayed in the cartoon people having cartoon sex here.

Yes!!! Been waiting for this for a long time. A coloring book of my favorite sex knowledge series. Bought crayons for this.
