I enjoyed the book. I liked how it was to the point. I will reread it again soon. I really didn't feel as though it was some pick up artist book. The touching the arm perhaps. However the polarities, in relationships are huge. And once they are gone it's a rap! No matter how rich you are or what you have. You must maintain that, and maintain your masculinity. Or your femininity. Thats pretty much the essence of the book. Which I am thankful. I had the most smoking hot latina woman eating out of my hand last week, with polarities. Be confident. Take care of yourself. Smell good. Smile. Feel it. Own it. And absolutely know you can walk away at any moment. Feel it, know it. Emote it. Keep reading! Don't stop staying sharp even in relationship!

Having just come out of a relationship, and have been doing some souls searching. On what happened and where to go from here. What I like about this book is that it's short concise and full of wisdom on what to do when a relationship breaks up what is not going well. Some of the content I have seen in other books, however it was a timely reminder. Recommended for any male going through a break up.

Very insightful. Proved to me that I have my work cut out for me. Hope all the advice works. Excited to get started.

I was recently dumped by my fiancÃ©e and this book really opened my eyes to the things that lead her away from me. I went from being angry with her to looking at myself and how I changed from being the alpha male in the relationship to trying to be an equal partner. She didn't want an equal partner, she wanted a man; someone to protect her and make her feel safe. I am confident now, that I can go back to becoming the man she fell in love with and winning her back!

Fascinating! This book is about much more than just getting your ex girlfriend back. (Although, that is

the primary motivation for guys to buy this ebook.) It's also about improving yourself and re-building a relationship that is stronger than ever before - once you implement the strategies in this ebook, your ex girlfriend (or any other girl for that matter) will never break up with you again!"

It pretty much saved me from depression and loneliness. Those two are no joke, they make a person doubt... everything! About life, love? I can't believe I hesitated to actually buy it... and, then waited so long before reading it. I wouldn't have the relationship I have today if I'd let my fear rule and set this aside, trembling to click my kindle and turn a single page... The things this book taught me are Super Powerful. I've already started trying out some of the things in the book; my regrettably, recent 'ex', (we'd been split 3 months from the time she walked right out that door)-- well, she called me back, yesterday, and says she wants to, to talk things over. And this after weeks of me calling her and begging her to take me back! There is degradation in that approach, as well as futility. I learned from this, all that I was doing wrong, and how to correct it. Don't be a desperate stalker, be a man someone can look up to, respect, trust and love. Michael showed me how in here.

This was a very influential and brisk read. After a breakup, our way of thinking becomes extremely irrational and we go into "panic mode". Suddenly, we become so certain that all of the wrong things are the right things to do. We can become a weak and ugly version of ourselves out of desperation. This guide serves as a reminder to avoid all of those characteristics (like the plague!) and gives very sound advice about becoming the Alpha Male that we should all strive to be or, in other words, the most attractive and irresistible version of ourselves.

I spent 45 minutes reading this e-book, and while parts of it seemed to be a bit common sense, the wording of the situations and explanations were very helpful!
