Speak Japanese with confidence in just 6 weeks!Living Language Japanese Complete Course, a step-by-step guide to the basics of Japanese conversation and grammar. This revised course uses

the highly effective speed-learning method developed by U.S. government experts to teach foreign languages to overseas-bound servicemen and diplomats. 40 lessons on three compact disks Begin with simple words and phrases and progress to more complex expressions. Just listen and repeat after the native speakers. Only Japanese is spoken on the recordings, so you learn naturally, the way you learned English. The accompanying Japanese Coursebook includes the English translations. Japanese Coursebook The pocket-size book contains all the translated phrases from the recorded lessons, plus additional vocabulary, detailed explanations, and quizzes. The book also features verb charts with all tenses included and a comprehensive summary of Japanese grammar. Japanese-English/English-Japanese Dictionary More than 15,000 words are defined. Idiomatic expressions and common phrases show how words are used in everyday conversation. The dictionary doubles as a phrasebook. 1,000 of the most frequently used words are highlighted for easy reference. The best-selling language course that really works--revised, updated, and expanded! For Beginners or Those Who Want a Thorough Review

it's only a japanese cd. its just someone talking in japanese. that's it. it doesn't help with anything

Not the best learning tool but it does the job. If you have an Ipad, there are a lot of new apps to learn Japanese.

The living language course provides a book with clear explanations, a dictionary and a CD (or cassette) featuring native Japanese speakers who demonstrate correct phrasing and pronunciation. The book and CD are well integrated. Clear explanations of basic sentence structure and usage are provided. The course only teaches spoken Japanese. The course relies heavily on phrase construction (as opposed to sentence construction) which is acceptable because spoken Japanese makes heavy use of phrases. The course is high quality, but should be combined with other teaching materials which provide conversational dialog such as the AMR Japanese Module 1 series. The two work together well.

After sapping the available free resources on the internet and gaining little from the experience (except the ability to count to 10 and ask where the restroom is,) I decided to buy a few coursebooks to aid my studies. This course stood out, and I highly recommend it. The tapes can become dry and somewhat boring, but if you break your study times into short, reasonable blocks, it should not be an issue. It teaches you a vast amount in a very short time, and should effectively aid

anyone in their study of Japanese. (NOTE: Its focus is on conversational Japanese, opposed to written. For that purpose I would suggest "Easy Hiragana", "Easy Katakana", and "Easy Kanji" by Fujihiko Kaneda, et al.)

This is by far one of the best ways to learn Japanese that I can think of. Even though it doesn't really teach you much WRITTEN Japanese, it is by far excellent in teaching vocabulary and especially the confusing grammar of Japanese. My only complaint is that unless you can think of ways to make it fun, you could easily get bored with it. The book is very straightforward and doesn't offer the fun that I think other methods of learning the language (subtitled videos, songs, etc.) can offer. But other than that, it is far superior to anything I've run across on the web.

What a helpful little kit this is! Ever since I started teaching myself Japanese about two years ago, I've been looking for a tool that would help me to "get" this language, because Japanese IS a difficult second language to learn. This kit provides great words to build your vocabulary with, explains the grammatical structure, and provides a few more helpful little tips (like how to address a letter in Japanese). Truly a must-read for beginners and veterans alike!

The Japanese complete course as exceptionally good value. Well written, great audio and a dictionary to complete the needs of a beginner. I would recommend this course as a great starter kit for anyone wanting to learn the basics of the Japanese language.

This was a good buy. It has a good coursebook and dictionary. The only drawback is that it is pretty boring. The course is in no way exciting or even that interesting. It just gives a straightforward course of the Japanese language.
