TRUE & FALSE REVIVAL.. An Insider's Warning..: Gold Dust & Laughing Revivals. How Do We Tell False Fire From The True?

Synopsis

[UPDATED 2012 Edition]. Andrew Strom is founder of RevivalSchool.com and the international REVIVAL List. He was involved for 11 years in the same Prophetic movement as Todd Bentley and Rick Joyner - until he quit in anguish over the unbiblical and bizarre things going on in that movement. As an insider, Andrew questions a lot of the 'angels', the gold dust, and "revivals" like the one in Lakeland. Read the FACTS to find out why. What is real Revival? And how do we tell the true from the false? The answers are found in this provocative book. FROM THE REVIEWS: "I have been a pastor for 34 years and have been involved with the charismatic camp for 30 years... This is a book that should be read thoughtfully and prayerfully by all Christians, especially pastors and leaders." - Philip Morrill, pastor (Oregon, USA). "This book is must reading by all Christians BEFORE they get involved in any "revival" movement. It is well-written, well-researched and provides a historical context to better understand the workings of God through "revivals"." - Patricia Van Tine, .com Reviews. "This is a must read for Spirit-filled Christians. The passionate loving heart of God bounces off the pages. This is not written from a critical spirit, but a warning right from the heart of God." - Jo-Anne Leroux, .com Reviews. "Andrew's is a voice of reason in a storm of controversy." - Donald James Parker, .com Reviews.

Book Information

Paperback: 132 pages

Publisher: RevivalSchool (September 11, 2012)

Customer Reviews

This is not the first book that I've read on this topic, and I am quite sure this won't be the last, but for those who need a beginner's or a "primer" book, this is a good jumping off book to learn all you can

about the fake and the real things that go on during a revival-camp meeting in a church. The author starts out with his own personal testimony about how he was involved in some very questionable things taking place in revival meetings and saw through the phoniness. He decided to get out of all that, mainly due to the fact that it was hurting his spiritual walk and also because of the disagreements he was having with those that were allowing this to take place in these meetings. The next part of the book is what I would consider the "teaching" part--that is to say, he is writing to let you know how you can spot the real from the chicanery\deceptive practices that go on in these meetings. Interesting book that can be valuable, especially to a new person who knows little or nothing about going to a Christian revival meeting and does not want to be deceived.

So disappointed- and I'm not a critical person- but this is a rip off. Unfortunately I even bought his other book which does the same thing - publishes people's emails to him, basically copies/pastes what people have wrote him then sells it as a book. I feel like this is particularly distasteful for a Christian to do this, making you think you're going to read a real book. Should have known something was suspicious with all the YouTube promotions. If you want to read a real book on the topic I highly recommend Counterfeit Revival by Hank Hanegraaf.

True and False Revival is about learning to discern which is true and which is counterfeit in the Church. Andrew Strom is an insider who knows about the counterfeit and has studied revival extensively. I consider him an expert on true revival. This book is such an important book, especially for leaders. Andrew Strom writes in an easy to read format. True and False Revival is a warning to the Church and a call in the wilderness. Andrew Strom has a burden for the Church in bringing them back to true revival. This book is an excellent resource on this subject and I highly recommend it.

Well researched. Every believer should know this. There is no excuse for ignorance. God has raised up prophets and watchmen to warn and sound the alarm. Investigate it yourself just dont ignore it. God is growing His children up.

For some years we have been grieved at how few Christians actually read, let alone - study their Bibles. We had opportunity to travel around the U.S. for years with a Christian ministry, meeting Christians from many denominations as well as non-denominational types. We were shocked at how few ever pick up their Bibles, let alone study them or know much about them. Although we do believe in the Charismatic gifts, we no longer identify ourselves as "charismatics" because of the

ridiculous excesses that we've seen over the years and this book is clear and truthful about how far-reaching these excesses have gone. We consider ourselves simply "followers of Jesus" and we pray sincerely that the Lord will use this book to wake up these foolish people who have been followers and defenders of these "revivals". Todd Bentley is so blatantly foolish, and yet the sheeple are running over the cliff to follow him. We saw that happen with the Toronto mess, as well as Pensacola and so few people bother to research these leaders of Toronto, Pensacola, and Lakeland to find out more about them. People seem to be be unaware of the destruction left in the wake of these false, heretical teachings and practices of the likes of Rodney Howard Brown, Todd Bentley, Bob Jones as well as Paul Cain. We saw Cain in person on several occasions in a church in California that presented him as God's prophetic voice for our time. Wow - people just do some research on these guys - READ YOUR BIBLES - it's a blatant, foolish, damnable heresy that these guys are promoting. READ YOUR BIBLES!! Even a 4-year old would know that Bentley's silly remarks about visiting Paul in his "cabin" in heaven reveal enough of Bentley's spiritual knowledge to cause one to scream - RUN - RUN - RUN away from these guys for your spiritual lives!!!! Thank you Andrew Strom - Thank you for standing up for truth and having the courage to speak it out. Thank you for getting this book into print right away. Thank you that you are not out to make money on the book - boy that is so rare in this day and age. You're giving us a treasure of information for basically the cost of the printing and we bless you brother. Shame on Lee Grady for sitting on the fence with ANY kind of endorsement of this foolish Lakeland mess. I've been following his waffling remarks about Lakeland - Lee - time to put down your Charisma Magazine and pick up your BIBLE and read it! We've been astounded at Lee's lack of biblical knowledge on this matter -absolutely shocked. God Bless you Andrew Strom! Theresa and H.J. Hamel, Nevada PS We've ordered more copies of the books to give to family and friends. I wish I could order a truckload!!!
