Dan Gutman is the author of many books for children, including the My Weird School series, the Flashback Four series, and the New York Times bestselling Genius Files series. Dan has received nineteen state book awards and ninety-two nominations. Dan lives in New York with his wife, Nina. You can visit him online at www.dangutman.com. Jim Paillot lives in Arizona (another weird place) with his weird wife and two weird children. Isn't that weird?

My daughter loves these books! Great reads.

My son loves this series of books. He is just starting to read chapter books. These books are not too lengthy to loose his interest, but after reading each one he has a sense of accomplishment. He finds them funny and usually finishes one a day.

Dan Gutman is awesome.He has funny books.I like your books because you make me want to read it.You are a awesome other and you write awesome booksÃ Â Â^Â

Great book but I think its to short. I wish Dan Gutman made a series just like this but at a more higher level of reading.

He makes the best series EVER!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! I think this series is funny because the author puts random stuff in the book (like the funny titles that rhyme) and there are lots of interesting characters in these books. I love sports so I read this book and finished it all in one day because it was so good!!!!Jake My age is 7

My daughter loves this series of book and even though she can plow through one of them in a day it is still a book that distracts her from TV, computer or video games. That is a plus in todays society. The content is decent for late second graders but I always would advise a parent to skim a book before handing it over to their child to read.

for 1st and 2nd grade. It was the funniest book on earth. It blew my mind. So awesome and cool
(review by 2nd grader).

My young reader loves these books
