# Fantasy Football For Smart People: How To Win At Daily Fantasy Sports

## Synopsis

"Fantasy Football for Smart People: How to Win at Daily Fantasy Sports" is a data-driven guide to becoming a profitable daily fantasy player. Built around daily fantasy football but applicable to all sports, the book examines advanced DFS strategies, providing data on what's actually winning leagues. Gain access to the latest trends and numbers you need to give you a serious competitive edge in the world of daily fantasy sports. "How to Win at Daily Fantasy Sports" brings "Moneyball" to daily fantasy football, applying a scientific approach to the game. The book will teach you:â How to properly allocate salary capâ Which lineup combinations are most optimalâ How to use a contrarian strategy to win tournamentsâ Which positions/players to use in the flexâ How to convert your season-long skill set into DFS successâ A whole lot more No more guessing or making decisions based on conventional wisdom. "How to Win at Daily Fantasy Sports" provides the mathematical and game-theory-driven foundation you need to become a truly long-term profitable daily fantasy sports player.

## Customer Reviews

The insight in this book is hard to find even in the avalanche of info in the DFS world today. If your

looking for that couple extra points to pass the others by in your contests this is the book to show you how. A must read!

There has not been a book written by Jonathan Bales that I have been disappointed with. This book provides actionable data and advice for Week 1 of this NFL season. In my opinion if you are considering playing DFS at all this football season you should invest the \$9.99 and gain what you can from the book. This is my second season playing NFL DFS and this was the first part of my research for this season.

This book should cost more money. Quite simply it's my best purchase ever on . Can't believe I didn't buy it sooner. If you don't have the ten bucks to spend on this, then you shouldn't be playing daily fantasy sports. The basic strategies presented should help to improve your DFS win probabilities immediately. Cheers, DailySportsGeek

Great book this guy has some serious passion and energy for DFS. Very useful information

The material within the book is fairly helpful, but much of it is also an advertisement for his website which - while also good - I could have done without. Not essential.

Even after a couple years of experience in DFS football. It's nice to brush up on fundamentals and remind yourself how to build winning lineups.

Some good information but it overall not as applicable as one would want. Should provide more in depth coverage of gpp

Really phenomenal read for those trying to take their NFL DFS play to the next level. Really great strategies and theories, all backed up by data and analysis, and even some pretty solid humor.
