- Conclusion

Warren Buffett's Fact #10: Buffett spends 80% of his day reading at the office. When being asked for advice on how to get smarter during one of his interview, he held up a stack of paper and said to read 500 pages like this every day. That's how knowledge builds up, like compound interest. \*\*\*SPECIAL DEAL!!! Buy the paperback version of the book NOW to receive the Kindle version (\$2.99) for FREE!

## **Customer Reviews**

Hi! My name is David the founder of EntrepreneurshipFacts.com, a website with fascinating facts about business and successful people. I am a young aspiring entrepreneur with a great interest in learning about successful businessmen around the world. EntrepreneurshipFacts.com is a way for me to share my learning with you, and I believe you will be able to take out something valuable from the books I am offering here, as well as the contents on my website. Follow us on Instagram, Twitter, and Facebook at EntrepreneurshipFacts to stay updated with the latest news and daily knowledge about entrepreneurship!

Enjoyable read for any person interested in learning about how to become successful in business and life. Focus is on 10 billionaires who have made their fortune in a variety of different endeavors, but all share similar qualities and principles of success. In particular I liked reading about Elon Musk, as he is an inspiration to me as he started Tesla and Solar City, and is a real visionary and leader. Overall very interesting read and well written. Highly recommend.

This is a really awesome book which contains kind of a mini biography of some of the most successful individual who changed and shaped the world we live in. Moreover, you'll also find inspirational quotes and crucial pieces of advice from each of these billionaire entrepreneurs. The book will really pump you up.

Great book

Mostly what I loved about this version is the fact that it is summarized in a way that only emphasizes about the important aspects of the individuals and to understand the thinking patterns. Definitely recommend the book to business enthusiasts.

The book was interesting but a couple of hours on Google and I could have probably come up with this, or a better, book. The most difficult part of the book for me was all of spelling errors. I also was not a fan of the ads for other interspersed throughout the book.

Fast paced, gives a quick overview of some of America's most successful entrepreneurs. Warren Buffet, Bill Gates and Mark Zuckerberg just to name a few featured.

The idea is great, but I found it lacking in substance, could have used much more information. Also could use an editor. Issues with grammar and repeating information, if corrected, could make it a better read.

HOW COULD CHARGE FOR A COPY/PASTE LIKE THIS? IS THERE ANY WAY WAY TO HAVE A REFUND???
