Customer Reviews

Good thing it updates, cheap too, for 2 dollars, and possibly free updates, that's phenomenal. Now, no ability will hide from me!

Being new to magic, this book has been great. Sometimes the cards have usages that are not always clear, and this book helps decipher the occasional I have no clue on the card instructions.

The book was really helpful for abilities, but missing all the formats, and several abilities, chief

among them, partner. Otherwise, it was amazing.

This book is well worth the cost. I am fairly new to the game and I refer to it often. Really appreciate the time you must have spent putting this book together. 5 Stars for sure. Thank you.
