Seinfeld Secrets: An Insider Scoop About The Show

Synopsis

Seinfeld Secrets: An Insider Scoop About the Show is authored by a sitcom expert who penned the most comprehensive reference book that has ever been written about the show. This book is the best source for insider facts and never-before-revealed tidbits about "Seinfeld." • This type of thoroughness cannot be found anywhere else in the entire Seinfeld Universe. The first section provides details about the creators, cast regulars, supporting actors, guest actors, as well as cast stand-ins, show extras, and actors who auditioned for roles in the show. The second section discussed the little-known-facts about the series, including the behind-the-scenes activities, as well as casting, directing, writing, and so much more. The final section recounts many of the secrets behind the making of each episode. Every episode has a history and a few skeletons in the closet. The episodes range from how plots were created, when personal experience influenced a show, ad-libbed lines and actions, how scenes were shot or developed, the input actors had on the creative process, and even the "lost" episode that was partially filmed but never aired. There are hundreds of insider scoops into the entire realm of "Seinfeld." • Seinfeld Secrets is an essential book for every fan of the show. If you want to know more about the show than any of your friends, this book has all the answers. Estimated 80 pages, 30,000 words, 28 photos.

for the deep Sein-fan! no plot summaries here..not many photos. this is a list of each episode, in order of telecast date and containing previously unknown tidbits about the particular episode.it's very well written but for newer fans, more "casual" fans it's a want...not a need.I still am searching for something on the progression/evolution of the series, as it suddenly turned from funny sitcom to a brilliant show "about nothing"! when instantaneously we had the arrival of the great characters, Peterman, Susan, the Costanzas, to make each episode an epic.

This book is not for someone who has watched a few episodes, but to a true fan, who's watched the shows over and over again. If you are one of those fans, you'll get a kick out a lot of the nuances you may have missed. Enjoy!!

This was a great book for someone who has watched every episode of Seinfeld many times. It was so interesting to read about how so many of the story lines were created. I highly recommend it.

Fun if you're a Seinfeld freaks like we are. =)

A few shows in a different order than the DVD set (which I'd also just purchased), but this book is an interesting read to go along with the DVD set. I just wish there had been more info in the book than a short paragraph for each episode. The info available was quite interesting, but a lot of it had been gone over on inside looks on the DVD's or on YouTube if you look for them. Otherwise an interesting read.

Purchased this as a gift for my husband who has seen every episode multiple times (but who's counting at this point in time!) and he absolutely loved it! He said it is very interesting to find out what was going on behind the scenes and even found out interesting facts about the cast members. Definitely worth purchasing for the Seinfeld fans in your life!

The bulk of this book is summaries of each episode. There were a few behind the scenes tidbits, but I was hoping for more about the actors. It's still a good read if you're a Seinfeld fan.

Almost nothing in here that can't be learned watching the Seinfeld DVD's extras included on each disc ... the book is riddled with inaccuracies and incorrect information. The author is supposedly an "expert". Save your money ! ...buy the DVD set.
