HOW TO GET
Free Government
Grant Money
FOR
ALMOST ANYTHING

Danielle Green

Synopsis

There's nothing more exciting than free money, and in the following audio, you're going to learn how to get all the free money you'll ever need! The U.S. government alone gives out over \$300 billion dollars in free money and services every single year to American taxpayers. In addition, there are billions extra given away by private businesses and foundations. Any of this money could be rightfully yours; you just need to know where to find it and how to get it! The good news is that there are grants and other sources of free money for almost everything! Grants to pay bills, pay off debt, start a business, travel abroad, get a degree, train for a new job, invest in real estate, get legal help, and so much more. Many of these programs simply don't advertise, which is why you have never heard of them, until now. Before we get started on how to get all of this free money, it helps if you have an understanding of what it is, where it comes from, and why it's given away. When you add up all of the contributors you're looking at over: 20,000 Business Foundations 24,000 State Programs, 30,000 Private Foundations, 1,500 Federal Programs These agencies administer billions of dollars to be given away each and every year. They need to give this free money to someone. Why not you? These foundations, programs, and agencies are responsible for giving away a lot of money, but only to those of us that know how to apply for the money.

Customer Reviews

I liked the book;.....BUT-.....remember the late night infomercials you used to see on television? The one where Kevin Trudeau comes on and tells you about the .".....(fill in the blank/topic) Secrets THEY Dont Want You to Know About?". This book reads almost exactly like a script from one of his commercials. The links, and wording, are EXACTLY the same! STILL~ a good read, and I

did get some information that I wasn't aware of before. (And, at the time of this writing, the book has only been out for two days.....so it seems to be fairly "up to date".....). So, save the \$39.95 that the infomercials charge, and GET THIS BOOK! It currently is free, and very worthwhile!

This is a joke.

good book, could have added more stuff but worth the cost

Very informational. Thanks

short sweet to the point, thanks
