# Yookoso! Continuing With Contemporary Japanese, Volume 2

## Synopsis

Yookoso! Continuing With Contemporary Japanese is the second volume of a two-volume series for beginning and intermediate Japanese. Employing an eclectic approach based on modern principles of second language acquisition, it is the first intermediate Japanese text to integrate the teaching of all four linguistic skills. Each chapter contains listening, speaking, reading, and writing exercises of various types. All Japanese-language material is written in natural kanamajiri style with furigana. Grammar is treated as a tool for developing communication skills, not as the focal point of the text, and the chapters are organized in a way that accommodates many different teaching and learning styles. Brief English descriptions of contemporary and traditional Japanese culture, each related to the theme of the chapter, provide a context for language learning, and the illustrations, including photographs, line drawings, and realia, enhance student interest and serve as starting points for classroom exercises. In addition, Yookoso! is unique in having a full set of ancillary materials.

## Book Information

Hardcover: 512 pages

Publisher: McGraw-Hill College (June 1, 1995)

Language: English

ISBN-10: 0070722986

ISBN-13: 978-0070722989

Product Dimensions: 1 x 8.2 x 9.8 inches

Shipping Weight: 2.2 pounds

Best Sellers Rank: #385,936 in Books (See Top 100 in Books) #146 in Books > Textbooks > Humanities > Foreign Languages > Japanese #10368 in Books > Reference > Words, Language & Grammar

## Customer Reviews

Nearly perfect condition, much better than expected considering it was used. Looking forward to attacking this one once we are through with volume 1.

I didn't realize this was volume 2. Probably great for more advanced speakers. Useless to me at the moment.

Nice book, fast shipping, Thank you.

When you need a good Japanese book this one is the best to guide you thru school work in general..

This book is a continuation to Youkoso an Invitation to Contemporary Japanese, and definately is more difficult than the first book. In this book there is less use of furigana, and in fact with Kanji taught in the first book there is no furigana given. The book begins with an overview of what was taught in the Introduction to Contemporary Japanese, then gets into things in the same manner as the first book. All chapters begin with an overview of the vocabulary that will be needed in the chapter, then goes into a few practice exercises before going into dialogues. These books are as dialogue heavy as they are vocabulary heavy. I have used both these textbooks as well as the Japanese for Busy People, and another text called Minna No Nihongo, and find the Youkoso books to be far more intensive.

The Yookoso Textbooks are very good for the beginners of learning the Japanese Language. Its easier to understand the difficult concepts and conjugations of the Japanese language. It made it quite easy for me to learn the Japanese language. This and the rest of the Yookoso series of books is great for the person who really want to learn and understand the Japanese language and culture.

This text offers helpful vocabulary, nice grammar charts and uses modern language teaching techniques. The student can personalize her studies by tackling the grammar or the communicative activities as desired. I prefer this book to the "Japanese For Busy People" series, but do think one needs to supplement the text with other resources. I don't think there is one wonderful Japanese text that has it all.
