The Moselle Cycle Route: From The Source To The Rhine At Koblenz (A Cicerone Guides)

Synopsis

In 14 day stages, this is the first cycling guidebook to cover the entirety of the Moselle river's course, from its source in the Vosges Mountains of eastern France to its confluence with the Rhine at the west German city of Koblenz. The well-waymarked 512km route leads to the historic French cities of Nancy and Metz, crosses into Luxembourg then continues through the spectacular Mosel gorge, where the river cuts a sinuous path between the Hunsrück and Eiffel Mountains. Suitable for all experience levels, the cycling is straightforward and mainly on asphalt cycle tracks. As well as its main route, the guide provides three alternative stages and two stage-length excursions through the Saar and Rhine gorges.

Book Information

Series: A Cicerone Guides

Paperback: 208 pages

Publisher: Cicerone Press Limited; 1 edition (November 30, 2014)

Language: English

ISBN-10: 1852847212

Customer Reviews

Mike Wells has been walking long-distance footpaths for 25 years, and a keen cyclist for 20. He has walked the major British paths, the GR5 from Lake Geneva to the Mediterranean, and explored the Dolomites Alta Via routes in Italy. He has also walked in Poland, Slovakia, Slovenia, Norway and Chilean Patagonia. Starting with UK cycling routes, he soon moved on to long-distance routes in the rest of Europe and beyond, including a circumnavigation of Iceland and a ride across Cuba.
