My First Book Of Hockey: A Rookie Book

Synopsis

Next up in the fan-favorite Rookie Book series, Sports Illustrated Kids explains the coolest game in the world to its youngest fans. The puck drops, skates flash, and sticks fly—a hockey game is underway! With a fun mix of Sports Illustrated action photography, simple text, a full glossary of terms, and cool graphics, *My First Book of Hockey* introduces readers to the basics. Kids (and maybe a few adults, too!) will learn how power plays work, how the three-period game flows, what a hat trick is, what's up with the referee's crease, and more. An illustrated "rookie" character appears on every page, guiding the reader moment by moment, and helping to make *My First Book of Hockey* an ideal shared reading experience between parents and their young rookies before, during, and after the game.

Book Information

Lexile Measure: 550 (What's this?)

Hardcover: 48 pages

Publisher: Sports Illustrated (September 20, 2016)

Language: English

ISBN-10: 1618931776

ISBN-13: 978-1618931771

Product Dimensions: 10.8 x 0.5 x 9.5 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Best Sellers Rank: #28,518 in Books (See Top 100 in Books) #4 in Books > Children's Books > Sports & Outdoors > Hockey

Age Range: 4 - 7 years

Grade Level: Preschool - 1

Customer Reviews

PreS-Gr 2 "A colorful and lively overview of hockey. Readers are introduced to the basic principles of the sport and move on to learn the object of the game, where it is played, and how the game is divided before the narrative follows the trajectory of a real-life hockey game. In the left-hand corner of each spread, a box keeps track of the period (there are three periods overall), and in the right-hand corner, a box keeps track of the time (there are 20 minutes to each period). The center of each spread is dedicated to a particular aspect of the game, with a key concept highlighted. For instance, in the first period, with six minutes and 45 seconds left on the clock, a player is shown

winding up for a big shot. The term slap shot is enlarged. Photographs feature current players, who are often accompanied by illustrated thought and speech bubbles that are sure to entertain older readers more familiar with the game. (The authors have even included an emoji joke.) One caveat, though: these very contemporary details may prematurely date the book. In addition to the two time markers in the corners of each spread, the pages are color-coded to correspond to the current period (first period is blue, second period is orange), which may provide young readers with entertaining lessons on colors and counting, too. VERDICT Highly recommended purchase for all sports collections.â "Laura Lintz, Henrietta Public Library, Rochester, NY

"A colorful and lively overview of hockey. Highly recommended." - School Library Journal
"Kids who already love hockey will eat this up, but its stealth audience may be the clueless kid whose BFF is a rabid fan." - Bulletin of the Center for Children's Books
"A must-have, friendly introduction to the sport...a great series for burgeoning sports fans big or small." - Mom Read It
"Hockey may be the least understood of the four major North American sports and therefore the most in need of a primer for newbie fans. My First Book of Hockey will shoot and score for them."-NC Teacher Stuff
"An easy to read and easy to understand lighthearted look at the game of hockey."- Mrs. Mommy Booknerd
"A great way to introduce hockey to little readers and possibly get them interested in a new sport!"- Outnumbered 3 to 1
"It's funny, makes a great read aloud!"- Batch of Books
"Sports Illustrated Kids does an impressive job of explaining the game for even the youngest player to understand."- Sincerely Stacie

My 5 and 3 yo love this book, great pictures of current players, easy to understand definitions of hockey terms, and it's funny! Has a great pic of Ovechkin crying :)

I bought this book and 2 other sports books from this same company for my 4 year old grandson. They make a very nice gift. The books have wonderful pictures and great information on the sport. What a great way to get kids hooked on books!

Bought this for my 6 year old grandson. It was perfect! He can read some of it, and I helped with the big words. It was informative without being over his head. We had fun reading it.

My son loves this book! It gives great explanations for a youngster learning about the game.

Bought for my nephews to sway them away from basketball!

A fabulous book for kids new to the sport of ice hockey!

Grandson loves it

Cute and informative! My 3 1/2 year old son loves to just look at the pictures, but it's interesting enough that my husband enjoys reading it to him too!
