The murders and resurrections at the halfway point of the tribulation are major events that are covered well. I like it how the characters get involved with various events. I have read both Left behind series, and though IÃ¢â¬Âm 33 years old, I often like the kid series better. Just about all major events from the main series are covered in the kid series too. Interestingly, I think they often cover them better in this series. Some of the plagues weÃ¢â¬Âre brief in the main series, but well covered in this series. In the this book itÃ¢â¬Âs the other way around with the funeral, it was very long and slow in the main series, but better this time. And itÃ¢â¬Âs really no less dramatic.

Im am reading this series for the second time and I love them! The first time through though I compared the bible verses to what said in the book to make sure the authors weren't just making stuff up. These books are very incitefull as to what is coming when Jesus raptures his church. Very scary stuff. This series is a must read for everyone Christian and nonchristian alike.

This book and all the others before them are a realistic example of what will take place after the rapture. Myself and my boys wait with baited breath to see what will take place next. Love this series. On to the next book!

This book is so amazing! It keeps you stick to it that you won't want to stop reading it.... I'm looking forward to read the following book... GREAT BOOK!

I loved the series but find it very frustrating that one can purchase the first 8 books and 10th book in

kindle format but not the last 3 books in the series. Not so sure whether I will purchase a series again. Please inform publisher to place "Deceived" "Hunted" and "Arrived" on kindle format.

good

My daughter loves this series! This book is amazing it is awesome to see my daughter reading this series and becoming more aware of the state of the souls around her. Great to see her concerned about the salvation of others.

Like how they are combining the smaller books to make big ones. More appealing for the older kids. My daughter is enjoying this series. We were very happy with our purchase everything arrived on time and in great shape.
