Good solid recipes

I am so excited about this book. I am 90 yrs. old, have totally lost my appetite and am never hungry till I get weak, down to 103.5 from 114. When I started reading the recipes in this book, I could hardly contain myself. I can't wait to go to the store tomorrow and pick up some ingredients that I need. they all seem simple to make, not a lot of ingredients, but sound so tasty my mouth is watering. I am recommending my youngest daughter borrow it on her prime, as he has a lot of inflammation. I will take a look at their crock pot recipes too as my daughter likes that, (I don't). These recipes in this book are perfect for me.
