This publisher has repeated delays (it was supposed to be released 11/1/2016, and finally was printed in January 2017), and the choice of pictures they are using lately in this and another of their new releases are sketchy and hard to color. I'm going to unsubscribe from their publications; their earlier releases were much better.

First of all, I am not an artist so I cannot offer any perspective on the value of this set in terms of artist quality. I bought it as an outlet for me and to help me relax and I must say it has done a great job. An ideal starter set for anyone who needs a creative outlet or just has some time to kill. I like this set because it gives you everything you need to get going: 48 pages (of varying quality) plus twelve two-sided pencils and a rudimentary sharpener. Nothing elaborate here but for the cost, it's a great value. A few of the pages are printed in great detail and render very nicely if you take time and

are patient. Other pages are of a simpler nature and are great if you just want a quick scribble. I must say it's gotten me hooked and I have already purchased more artist supplies.

Ok

Gave them to my adult daughter at Mother's Day and to my Sorority sister. They loved them. So relaxing....

Granddaughter loved this on a rainy day!

great for a relaxing time of coloring!
