Fire From Within

Synopsis

Fire from Within is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his "disciples," at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the "sorcerer's world" that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

Customer Reviews

I read Castaneda long ago and am having a blast reading him again. These are great books that have aged well. They are a bit repetitious though.

good job

Castenda gives hints and clues toward and ancient philosophy. Specifically he deal's with "Petty Tyrants" - those who use their position and abilities to enslave or torment others - and teaches the reader the art of facing them without flinching. It is thought, that if one can do this successfully, repeatedly, he can face anything the universe can throw at him. This is the subtle art of becoming Impeccable. Also recommended in the superhero 101 collection is Bouris Mouravieff's Gnosis I, Ouspensky's In Search of the Miraculous, and everything by Georges Gurdjieff. Fight the Future, Save the World.

Awesome book! After reading this, all of the other books made sense.

This is one of the most interesting books I have ever read. I can hardly wait to read all of Casteneda's books.

This is a slower read than the previous the Carlos Castenada books. Meaning that there's more explanation than action than the other books. But, it's still a very interesting and worthy read, and it moves you forward to the next book.

If you can bring yourself to truly understand this text then.... Enough said We're on the same page.

Perfect! Great condition, quick delivery, thank you!
