A seasoned educator, Dufek has succeeded in putting together a comprehensive book that addresses farming practices, agricultural tools as well as the seasonal work schedule...I highly recommend this book and believe that it would also make a great staple in elementary school libraries. --Sylvia Cochran, Families Online Magazine

my Grandson loves looking through and pointing out the different farm vehicles and hearing the story. Definitely not bedtime story books.

Great book for preschoolers!

Love this book. I bought three for my son and nephews for Christmas presents and I know they'll love them. I'm glad Case is finally gearing more items towards kids (future farmers). Love the illustrations!!

The writing style / presentation is well done, and information is accurate and relevant to current farming practices.

There are four books in this series I believe and I got them all for my grandson. These are books that have a lot of wonderful pictures and any kid who loves farm life will love these books.

Great book, makes an excellent present! I gave it to a 5 year old, and he loved it. Great story, information, and illustrations.

Great book! Lots to learn about farming.

Very interesting
