Anthology Of Spanish Song - Low Voice (The Vocal Library Series)

Synopsis

(Vocal Collection). There has been an urgent need for a large collection of art songs in Spanish for voice studios. Surprisingly, a comprehensive publication on this topic has never existed in the American market. This anthology of 50 songs by 15 composers is sure to become a voice studio staple. The selections include complete song cycles by De Falla, Granados and Obradors. Each song has a historical note about the composer and composition, and there are English translations for study.

Customer Reviews

Arrived on time and contained a wonderful collection of songs. My one critique of the book - and this goes for The Vocal Library Series in general - is that I wish it went just a little bit higher. Or, I wish they had more options for true medium-range voices. I'm a mezzo and my range extends up to A5. The books for high voice usually sit a bit too high, while the books for low voice don't challenge my range enough. Very few songs in this book go past E5, which is great for true low voices, but was a little disappointing for me. But the songs are lovely, and I'm excited to add them to my repertoire.

Product arrived in a timely fashion, was not damaged, and was exactly what I paid for. Getting ready for Vocal Artistry - this year the theme is Canciones Espanoles.

Arrived on time and the songs are superb!

This is a great book for mezzos and or baritones as it has the standard Spanish literature in lower keys.

This was just what my daughter was looking for and from the sounds of it, it's perfect. I couldn't be happier.

The book and Cd were just what I was looking for. My first shipment had a damaged CD, but they sent a replacement overnight. I give a high recommendation!!

Heavy product with good balance best product fast shipping. so good . i love it ,

Order and shipping process went very smoothly with no problems. I'd order from them again.
