STANLEY P. BALDWIN received his M.A. in English from the University of Kentucky. He is a writer and teacher living in Nebraska.

Super easy read. Book was in great condition. Font is a bit small, however. I don't have bad eyesight and I was squinting a bit. Still worth it to help me pass the class!!

Understandable.

Helped daughter with school project

Cliff Notes are great. Never been disappointed. Read the real book though, especially if you are a college slacker. Greek history and mythology is fascinating. How can anyone not enjoy the precursor to Western Civilization? Would recommend even if you are reading the real Odyssey story -- a good pre-book read. The Iliad is good too.

good

fast ship. good quality. good as new.

The important details of every Book are explained and analyzed, not very much in-depth but deeply enough to give a basic understanding of what's going on, why, and how it might be interpreted. I had read the Odyssey twice in the past (and remembered almost nothing), so this was a great way to refresh my memory without having to read the epic for the third time for a course. It is not intended to replace reading the actual epic, but it does help make it more accessible to all. Good work.

It's Cliff Notes... they served their purpose.
