## Customer Reviews

Book by MCDUGAL LITTEL

This workbook is great. It is well laid out, and although expensive, is quite comprehensive. Our Spanish teacher (for homeschooling 8th graders) moves back and forth through different sections easily and the kids find the exercises challenging enough to make them groan just the right amount. You can't learn a language without working through grammar and this book does a good job of helping students demystify the whole process.

Great practice workbook. Bonus vocabulary cards are great!
