# Hawaii Reef Fish #1 Identification Guide (Laminated Single Sheet Field Guide) (Hawaii Field Guides) (v. 1)

## **Synopsis**

Hawaii's smaller reef fish such as tangs, triggerfish, goatfish, and puffers. The perfect reef fish guide for your daypack, beach, or boating bag. Beautiful detailed scientifically accurate full color illustrations of the reef fish you will see while snorkeling in Hawaii. Waterproof, durable with UV resistant inks, 7"x11" (17.85cm x 28cm), the perfect size. Hawaii has so many wonderful and interesting fish that we had to split them into two guides. This guide includes the smaller fish, those that frequent shallower water, or stay closer to the reefs. The other guide includes larger fish like sharks and rays and jacks. The illustrator, Alina SuÁrez, is world renowned for her natural history illustrations and has designed wildlife stamps for Cuba as well as other countries. Each illustration includes the name of the fish in English, Hawaiian, and Latin, in addition to the size. Rainforest Publications' Hawaii Marine Guide Series was developed in conjunction with Sunburst Publications. Our wildlife guides are the perfect companion if you're a naturalist, critter watcher, or adventure traveler.
