Roll Call The DC Comics Universe (DCU) is populated with a myriad of memorable characters. The DC Comics Encyclopedia presents as many of these as possible, and Roll Call spotlights some of the more notable players who round out that rich and diverse DCU. [View larger](#)

[View larger](#) [View larger](#) [View larger](#) **Green Arrow** Green Arrow has undergone many changes since his first appearance in 1941. On his debut, Green Arrow, aka Oliver Queen, was part of a crime-fighting duo with teen sidekick Speedy (Roy Harper). He not only used trick arrows to combat criminals, but also drove an arrow-shaped car and operated from the Arrow

Cave. His physical appearance was more like the traditional Hollywood image of Robin Hood, Jonah Hex. As if cursed by his name, Jonah Hex's life was blighted by bad luck. Born in 1839, he was the son of a brutal drunk and his meek wife. Abandoned by his mother, Hex was sold by his father to an Apache tribe. He was raised as an Apache until a jealous rival, Noh-Tante, betrayed him.

Harley Quinn To say Harley Quinn is a little bit disturbed is putting it mildly. Dangerously psychotic with an ever-changing focus in life, Harley has been a psychiatrist, the Joker's lethal sidekick, a key member of a secret government-sponsored strike force, a Brooklyn landlady, a roller derby champion, a burlesque dancer, a nurse, and even a wannabe Super Hero for a brief time.

Wonder Woman "You know who I am. Who the world needs me to be. I'm Wonder Woman."

The Joker

The Joker possesses what must arguably be the most dangerous criminal mind on the planet. With no moral compass to speak of, and a sick sense of humor that derives joy from witnessing the pain of others, the notorious Clown Prince of Crime is the smiling foil to the Batman's grim and serious demeanor.

Metal Men After Doctor Magnus discovered the Metal Men were intended to be assassins, they rebelled, seeking refuge in his home. Another one of his responsometers, stolen by a thief and dropped into a vat of chemicals, created the toxic monster Chemo. When the creature attacked them, the Metal Men sacrificed themselves to destroy it.

On the Record From the outset, Wonder Woman has been portrayed as a complex amalgamation of feminist icon and glamorous heroine. Over the years, the character has been a vital touchstone for comics' portrayal of women. She has also generally been known for her ability to find nonlethal solutions, even in the midst of bloody battles.

AMAZING!!!! so much info on the major players, the minor players, and even a "roll-call" in the back for the characters you might not remember. Makes following the time line a bit easier. Great book.

Best DC encyclopedia of all time that's out there right now! It's like Marvel's latest encyclopedia too which I thought was neat! I'm a DC fanatic expert but still had to get this! Also a Marvel fan expert too and I recommend getting their encyclopedia too! Outstanding DC encyclopedia! Thank you so much DC!

This is great for the whole family to learn about all of the DC Comics. My son has lots of questions about good guys or the bad guys and Mom was having a difficult time answering them. I purchased the encyclopedia so that we could learn together. I have learned a lot about who is a friend and who is a foe. My 4 year old is in love with this encyclopedia and we are looking at this one and the Marvel one on a regular basis.

If you are a DC fan then you must own this encyclopedia! Loaded with information from all your favorite (and some not-so-favorite) DC characters and story lines!

I had no idea the history and detail of the superhero world. My husband loves it

This was a gift for my ex husband and he absolutely loves it. I swear he looks at it at least once a week.

Outstanding reference guide to characters in the DC Universe!

So far so good. The book is a wealth of knowledge.
