This is a Sunday morning church Bible Study - we have discussed the first 3 chapters and everyone is in agreement that the author's clarity and the fact that the study questions both biblical age and us today is very appealing. Very satisfied.

This is designed for a introductory Bible study class.

These are some of the best study books available. Thoughtful insights and questions let us think of things we wouldn't have thought of otherwise.

This book has interested me in continuing with other N.T. Wright studies when this one is completed. My class loves inductive studies. "I Corinthians - Bible Study Guide" has very little reading other than the scripture, with brief introductory paragraphs at the beginning of each chapter. The emphasis is on generating thoughtful discussion with penetrating questions. Highly recommend.

This is a very brief study of Corinthians with OK background provided. This is definitely an introductory book, additional background is need if your teaching or a diligent study.

Great detailed study of I Corinthians. Used this as a guide to teach an adult Sunday school clas.

This book does a good job of giving a quick recap of information. The questions are helpful for anyone who is involved in a Bible study group. Great for small groups.

Bible study with some girlfriends. I like N. T. Wright's studies. he has many. Learning more about God by studying His word is what we all need to be doing.
