Overlord, Vol. 2 - Light Novel

Synopsis

It has been a week since Momonga logged in to his favorite RPG one last time and stranded himself there. Now he leads his guild as the Ainz Ooal Gown overlord. Finding himself in dire need of better information, he travels disguised as an adventurer to the walled city of E-Rantel, with Narberal the battle maid at his side. The pair accept a mission to retrieve medicinal herbs, making for a forest said to be the home of a great and wise beast. But the sinister influence of a fanatical cabal approaches E-Rantel, and the armor-clad Ainz will face both a ruthless warrior and a legion of the undead!

Customer Reviews

Kugane Maruyama is the author behind the Overlord novel series. so-bin is the artist behind the Overlord novel series.

I really do enjoy the series. The way Kugane Maruyama sets this story for the 2nd volume is...Ainz embarks on this journey to gain information and knowledge on this New World that he was suddenly teleported in, so he goes under cover as a mysterious black knight. He also assigns roles to the majority of his floor guardians while he's away. And well let's just say it's amazing. Ainz isn't this omnipotent being that the floor guardians views him as, but he must maintain this omnipotent character for the sake of his guild, while struggling with the internal conflict of loneliness and confusion. I can't wait for the 3rd volume as it's one of my 2nd favorite book out of the 11 volumes.

I liked the first book's premise and so I ordered the second book which I also liked but I thought the book was too short, it barely got started rolling along and it was over already. The main character is doing okay at coping with his situation but seems to be realizing just how limited mentally his minions may be as they one-track minds keep glossing over his directions at times. I am hoping the next book is longer and that he starts dealing with his minions in ways that will reign them in before they make a big mess of things.

Great follow up and the first real adventure. The action is great and most of the lore is explained. This wasn't groundbreaking literature but every character has a certain charm.

This volume primarily focuses on the adventures of Ainz/Momonga and Narberal Gamma. Of note are the battles between Ainz and the "Wise King of the Forest (Hamasuke)", Clementine and Ainz, and Narberal and Khajit. There were some light-hearted moments when Ainz was at a loss as to why the townspeople looked up to the much weaker "Wise King of the Forest." A cliffhanger ends the book with Shalltear Bloodfallen staging a rebellion. Looking forward to seeing how that plays out in vol. 3.

I absolutely love this novel series, I only bought the books to support the author.

Great story, our main protagonist is learning so much about the new and strange world he's been sent to and how he measures up to the local inhabitants. This volume has some funny scenes and I love the character designs, only wish that the book cover was coated.

Noice!!! For some reason the book didn't come in a bubble wrap but the condition is fantastic! Some printings of pictures are off (white gaps) but hey, you can't have perfect things!

The book itself is simply gorgeous: The black hardcover beneath a well designed dust jacket, followed by a page or two of rose red pages that really stand out, and the amazing illustrations for each chapter and at the beginning and end of the book that are printed on higher quality paper, it's lovely. As for the content, the story continues on from the first without any loss in between, as Ainz tries to build up his reputation in a world he's unfamiliar with. A fun read.
