Customer Reviews

Kindle is best used to read a book sequentially from beginning to the end. To use the 501 German verb in Kindle as a reference material isn't very easy. It's hard to look up a word. The best way is to use the paper version.

Good!

I am leading a small group of retired folks who are at various levels of proficiency in the German language and want to get up to the level of casual conversation. It is useful. We are only in the first

book. We do use another book as well but find your book well worth having. The verb book is essential as well to get the "big picture" for the complexities of German verbs. .

A nice companion to have in class.

Excellent resource n reference text.Highly recommend German language students .Explains it all and then some.Happy Studying...Thank you Herr Struts for your hard work?

Thumbs way Up for this classic!
