Customer Reviews

Wallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.

This guide presents a few select attractions that might not be mentioned in other guidebooks. The photographs are beautiful, and the descriptions are compelling. During my stay in Cape Town, I made a point to visit some of the places described in this guide, including the Baxter Theater, the Rhodes Memorial, and the Haas coffee shop, which was located at the corner of the street where I stayed. If you are going to Cape Town, the Wallpaper guide will be an excellent supplementary guidebook. It doesn't have much practical information, such as maps and general travelers' tips, so be sure to bring a second guide.

An excellent guide, straightforward and easy to use. And compact. The information is laid out in a logical intuitive fashion.

Just returned from Cape Town. I liked the book and used it. Some good suggestions and some not

so good. Some were out of business already but not surprised either. So many good places to discover on your own.

Indications for the trendsetters and the likes. It's ok to have it as a complement of your research but not as the only source.

Not the best guide around.

fast shipping. as description. I will recommend it to my friend. i think it is very good , New to making homemade bread.
