Children's Dulcimer Chord Book

Synopsis

Finally! A chord book written for the young beginner (or even beginners of any age) showing a creative and simple way to learn and play dulcimer chords in DAD tuning. Chords are taught beginning with the most essential to more advanced. Chords are presented with exercises that build upon each other and eventually lead the student to playing logical and common chord progressions. Chords are shown in chord diagram form with photographs showing finger positions in relationship to the fretboard. Examples and exercises are presented in strum bar notation. DAD tuning Extra large chord diagrams and photos for easy learning Chords are taught beginning with the most essential to more advanced Chords are presented with exercises that build upon each other Great for dulcimer beginners of all ages

Customer Reviews

Lee Drew Andrews began playing guitar at age 14. His first years of college were spent studying Physics. When he found himself skipping many of his core classes in order to spend more time playing guitar, he decided it may be better to change majors. Drew then studied Guitar Performance at Utah State University, where he also minored in Technical and Professional Writing. In 2002 he took a position with Mel Bay Publications as a guitar editor and since has authored several best selling publications.

So easy.

This is a great chord book, even for beginning adults.

ok

A good book for teaching dulcimer chords to children. Easy to understand.

This is indeed a book of chords.

Should have gone into more depth. Though for children it wasn't written so a child could understand or an adult to use the materials to explain the content.

I custom build Mountain Dulcimers and offer this book as a teaching aid, primarily to people with little or no musical background. They seem to especially like the fact that all the chords are shown with both diagrams and photographs. Really a good tool for a beginner!

I purchased the Mel Bay Chord Chart and it was just too detailed and difficult for me. So I decided to buy this Chord Chart for children. I really love it. It is illustrated and shows 3 ways to play the same chord. I have arthritis in my hands so I need to know alternative ways to make chords. I am a 65 yr. old who loves the children's chord chart.
