Customer Reviews

McGraw-Hill authors represent the leading experts in their fields and are dedicated to improving the lives, careers, and interests of readers worldwide

Very informative, this was a gift for someone who was visiting Ky.

We bought a copy by reason of sheer vanity since you quoted a good part of our conversation verbatim. It's not vanity that keeps me coming back again and again to read a few more of your entries about various locations around the state. Each entry is a vivid word picture of the experience you had on the particular day you made your visit. That's a lot more than most travel guides offer and a whole lot more interesting.
