Daddy Issues 2: Processing

Synopsis

Matthew is a good looking, older brother with a muscular form, bald head and salt and pepper goatee that seems to attract the younger dudes although he is open to any age. He is starting over in a fresh new city and meets a young, dark, sexy brother Dacari who has a thing for older brothers. Matthew is intrigued by the former high school track star with the big booty and big legs but will Dacari's daddy issues get in the way of them being more than just friends with benefits? Matthew who has overcome his own daddy issues is interested in trying to see where things will go but maybe the disparity in age is just too much to keep these two together beyond the physical. See how Matthew and Dacari have to process their on going relationship not to mention Dacari's daddy issues as they try and make it as a couple. There are new temptations that could defeat their efforts.

Customer Reviews

I like the realness and enjoyed just the flow. The plot and the way it was very relatable. I have instantly become a fan of Anthony Peace writing. Also though I found edit errors. But none of the books I've read so far disappoint. Great reading for the mature gay man
