Customer Reviews

This book should be a must read for every Christian as it gives the timeline for humanity. It helped me understand a lot of things in the Bible and it all makes perfect sense when my eyes were opened. I actually was reading another book that mentioned Dr. Robert Mawire when I became so interested that I searched and found him speaking on Youtube about his meeting with Benjamin Netanyahu. Dr. Robert Mawire delivered a message to the the Prime Minister of Israel, Benjamin Netanyahu, which Netanyahu did not take seriously and therefore because he did not obey the message from GOD, the prophecy came true. This book is definitely a book for everyone to read

from cover to cover. It is filled with so much information and information that I have never read before this. It says that humanity is to live for 6,000 years and that time is almost at an end. We keep hearing all around us that we are living in the end times but according to all the signs it is much closer than most people believe. Read this book so that you can have hope that we will survive.

Thank God for the revelation of the Messianic Timetable and that we can KNOW for certain where we are in time. There is simply too much precision in the prophecies of the end of days to turn away from this as another "date-setting" dissertation by an over-zealous religious fanatic. We have the Word of God laid out in plain simple language to show us exactly where we are. Dr. Mawire is one of the "wise" the prophet Daniel refers to in the end days that will understand the prophecy sealed for the endtimes. The Church needs to take heed and prepare for the exploits that God will work. What an encouraging word in the final chapters!

Praise God, I think he's got it. Found this book while researching Ray Bently's Holy Land Key, another great last days book. No doubt about it our time on earth is coming to a close. Will recommend to everyone who will listen. Thanks!!!

The book is well researched and brings the end time line into focus with clear information from the Word of God. Provides an opportunity for everyone to better understand the time we are in.

I got the book for my husband for Christmas at his request and he has enjoyed it very much and has shared what he has learned with everyone we know.

Dr. Mawire's study and spiritual insights are definitely worth the time to explore in this book. He presents a challenging and thought-provoking view on the "end times".

Book was fair. I found some of the data and theology to fundamental for my tastes and was unable to finish reading the book for this reason.

The author made some interesting points, but at times became a bit repetitive! The use of scripture to support the teaching was refreshing, when so many are proposing views totally undocumented in the scriptures.
