Redeeming Breeze (Trawler Trash Book 4)

Synopsis

Redeeming Breeze Breeze is trying to leave his troubled past behind. His dream of a beautiful woman on a Caribbean island remains elusive. One day he's sitting on his boat, minding his own business. The next day he's on the run from Russian mobsters with two sex slaves aboard. Doing the right thing turns out to be a tricky business. Meade Breeze Part rebel, part knight in rusty armor, and every ounce his own man, Meade Breeze is a rugged, reclusive Florida boat bum. He has special talent for attracting sexy women. His skill at handling boats is matched only by his knack for getting into, and out of, one predicament after another. In this fourth novel starring Breeze, he faces his most dangerous challenge yet.

Customer Reviews

Robinson hit a homerun on this one. He made the big jump from writer to author. its almost like a different person. Breeze is again the main character, but this book develops him and I feel like I know him. This is a page turner by a new author who is going to be heard from in the future. One of

the lines in the book read something like 'you have to be a boat bum to understand' , well from my former life I can tell you this is the closest you can come without living the life. Hell, I feel like I've known Breeze for years, and years. This is a page turner, and you will want more as soon as you finish it.oh, I never give 5 stars unless its Hemingway or Melville or Dickens and the like. 5 stars is 99% to me. Read this book.

Outstanding book, Breeze is my favorite character of all the books that I have read. Trawler Trash captured my imagination to a point where I could see myself doing some of the same things he did. Screwing an employer, the government, growing weed and making a little shine to support the habits sounds pretty good to me. His adventures since then have just added to the fantasy. I just hope that someday he can find a true Pirate Queen like mine to share his adventures with.

always amazes me to read a story well thought out. characters are believable and interesting. Good ending and now wait for the continuing story of Breeze and Holly.

I like the characters and the plot. The 1st 3 books were really good, even despite some annoying typos. This 4th book was full of typos. It was if Breeze had edited his own book after drinking some of his home-brewed rum. Quite disappointing after spending \$20 on the four books. To be fair, the first three books were very much worth the cost and time. Enjoyed them a lot. However, a writer should not become more sloppy as time goes by.

Large dollops of nastiness involving russian sex slaves, followed by more nastiness and topped off with lots of sea time on Breeze's trawler - Leap of Faith. A good read in a great geographical setting.

Ed and Breeze are the adventurous boaters friends. A must read !! Fun, Adventure, Boats, Beaches is just another Great Adventure from Ed !!

The boating lifestyle transported to a book. Easy, relaxing reading with pretty accurate nautical details.

If you're a boater and you like uncomplicated stories, the trawler trash stories are a good read
