Guide To Beading With A Loom: From Start To Finish And Beyond

Synopsis

Guide to Beading with a Loom is a comprehensive introduction to this popular beading technique. This book includes all the information needed for beginners including information about looms, supplies and techniques and is packed with photos and illustrations to provide maximum understanding. The twenty projects will build and advance your skills and knowledge. Plus there are numerous project variations to stimulate your own creativity. Advanced beaders familiar with loom beading will also find wonderful techniques and information on non-traditional techniques including many projects. This is a resource book every beader needs in their library.

Customer Reviews

"This is a great book to learn the basics and more for one of the oldest beading techniques around. Jamie covers the basics of loomwork, supplies, edging techniques, reading patterns, and finishing plus she presents 20 projects, many with design variations. Additional techniques like split warp weaving, what to do about a broken warp thread, adding fibers, and stringing beads on the warps will take you beyond the ordinary. If you've always wanted to try loomwork, Jamie's book will put you on the right path" -Bead&Button Magazine

This is a book for any level of loom bead work. She explains about a lot of things with different types of bead looms and techniques. I am self taught. I simply got a loom and followed the in box directions. I learned the hard way some of the things this book explains. I also learned a better way

to do some techniques. There are diagrams and pictures to help with explanations. Most are in color, diagrams are detailed. Patterns present explain best type of loom and techniques to make. This is a book to make bead looming easier to understand and do. I have the Kindle version. This means I can enlarge diagrams for better visualization.

I've just started looming. I bought this book after watching her you tube video. Lots of great tips and ideas. Well written, easy to follow

Excellent for learning loom work

Perfect instruction book for learning how to work with a loom.

Jamie is the tops for beading and great instructions

good instruction book, great ideas

Have learned a lot of great suggestions. The book is very well written. Patterns are very nice and easy to use.

Great book! So many patterns and so many ideas for those who like to color outside the lines! Great purchase!
