Sadlier-Oxford Vocabulary Workshop, Level C

Synopsis

Over the years, Vocabulary Workshop has proven to be a successful tool for guiding systematic vocabulary growth and developing vocabulary skills. It has also been shown to be a valuable help to students preparing for standardized tests. This edition includes a new Vocabulary for Comprehension section for each of the five reviews, and a Grammar in Context feature. The 15 Units that form the core of Vocabulary Workshop remain unchanged. At Level C, 300 key words will be studied.

I got this for my homeschooling son because I used these same books when I went to school and I felt that they were very useful. Each section has 20 words with definitions, then goes through a couple pages of activities working with the words to develop familiarity with them. It is enough practice to learn the words without becoming too repetitive and boring.

This teacher's edition is about 10 years old and is slightly different from the current edition which

should have been disclosed in the product description. It still works but for the few differences in each unit.

Just what expected

Book is in brand new condition. Great series I've used them for years. Delivery was late though. I'm not sure what happened, but at least I did receive it.

It helps a lot in studying

Helped me through college.

Book was as described...New, price was very good. Only reason I did not give it 5 stars, is the length of time it took. I bought a number of books on the same day and they were delivered much sooner. Mind you, it did come within the ETA but just comparing to the others it took a while.

For what I do with my middle school and high school gifted students, this is a perfect resource.
