Customer Reviews

5.0 out of 5 stars The Wikipedia of Publishing - in a series of tasty bites. By Susan Jagannath How do you eat the elephant of self publishing? Bite by bite! This book is incorrectly named - it is the complete Encyclopedia and Wikipedia of how to be a successful bestselling author. Whether you are a newbie or already have a few books published, this book gives you all the steps to successfully navigate the increasingly perilous path to enduring bestselling status. I love the author's humour, it adds a chuckle to what could be a heavy informational read, and I love even more her grace in acknowledging that this book is the brainchild of many many authors. In a world where collaboration is the new black, this book demonstrates that that connection wins every time. From steps, to lists to links to resources, this book is a complete guide. I would love to see a printed version. Go grab the book while it's at this ridiculous price, its worth much more! THE ULTIMATE SELF-PUBLISHING BOOK This is, without doubt, one of the most comprehensive resources that I have ever read on self-publishing. It is chocked full of easy to follow instructions and the latest information for getting your book launch to go smoothly. It pulls back the curtain on the launch process and reveals tons of helpful resources all together in the one place. What a great book for writers! Mimi removes the stress from publishing by taking us by the hand and guiding us with her own experiences as a best selling author. Specific instructions on the entire self-publishing process, up to date information and a multitude of extra resources ensure that this easy to follow book is a must for all writers. Highly recommended! Customer A uniquely excellent book that helps FICTION as well as non-fiction authors I wish I had it when I finished my first book. I highly recommend it to ALL authors! by Ted D. Sugge The Only Book You'll Need to Launch & Market Your Self Publishing Book! Mimi Emmanuel has put together the best book on the process of

launching and marketing your self-published book. Having published several books, she goes through the highs and lows that she experienced and tells you the best way to navigate through this rigorous process. Not only does she give you the contacts and resources that she uses but she compiled the findings of numerous #1 Best Selling Authors and their insights. Having published my own book, I still found an enormous amount of tips that I will use the next time around. The marketing portion which includes social media was especially helpful to me. This book will be the only one you need and it is worth the investment!! by D.L. verified purchase

THE ALMANAC of BOOK LAUNCHING WOW! I found this book to be almost overwhelming. It is so stock full of ideas and checklists, I wonder how she actually did it all herself. Rather, I wonder if I can do it all myself on my upcoming launch. It is really incredible to have this kind of reference at your fingertips for releasing your book. I expect if I can do 25% of what is in this book, I will be successful. This is a must have for any author's bookshelf. by Ray Brehm --This text refers to an out of print or unavailable edition of this title.

I had FUN writing this book and I sure hope that you'll have FUN publishing your book. Select to do the parts that you find enjoyable and find helpers to do the parts that do not appeal to you so much. I like creating graphics and really enjoyed creating the infographics with the help of my daughter. If creating graphics is not your cuppa tea, you can outsource this and concentrate on the elements of book launching that are FUN to you. Be picky and choosy in that way so that the publishing and launching process is something you would like to repeat over and over again. To facilitate this process ample resources are provided, many for free or at minimal cost so that you can concentrate on what you like best as an author and writer. If you are a new writer you can start at Volume Two and slowly work your way through the Five Steps. If you're an established author you can slowly work your way through the Ten Steps in Volume One and go at your own pace. Volume Two contains all the elements of Volume One but in greater detail. Volume Three is the awesome sauce contributed by my mentors and author friends. ENJOY! --This text refers to an out of print or unavailable edition of this title.

This is, without doubt, one of the most comprehensive resources that I have ever read on self-publishing. It is chocked full of easy to follow instructions and the latest information for getting your book launch to go smoothly. It pulls back the curtain on the launch process and reveals tons of helpful resources all together in the one place. What a great book for writers! Mimi removes the stress from publishing by taking us by the hand and guiding us with her own experiences as a best

selling author. Specific instructions on the entire self-publishing process, up to date information and a multitude of extra resources ensure that this easy to follow book is a must for all writers. Highly recommended!

Being a newbie to the world of book publishing, *The Holy Grail of Book Launching* is exactly that—a point-by-point, overflowing resource of essential tips, how-to instructions, calendars, links, templates and every tool needed for navigating the launching process of a self-published book. I am in awe of the details, the step-by-step organization and wealth of information that the author has collected, organized and shared from her experiences as well as case studies and interviews with fellow authors. Planning for my upcoming book launch has just become a much less apprehensive prospect. I was so appreciative of Emmanuel's first publication on self-publishing yet find *The Holy Grail* takes the independent author on a totally new experience through the maze that is needed to broadcast their book. I would definitely recommend *The Holy Grail of Book Launching* to anyone attempting to self-publish a book. Emmanuel has succeeded in producing the "one-stop" publishing guide needed to handle , Kindle, social media, promos, and advertising while still hanging onto one's sanity.

Mimi has written another amazing book about the process of book launching and book publishing. There is a great wealth of information including step by step guides, marketing plans, ideal keyword searches, and the best categories to place your book. The book also has case studies including interviews with bestselling authors. This is one of the best guides I have ever read about book publishing and highly recommend adding this book to your collection.

The Holy Grail of Book Launching is a massive resource of wealthy information for launching your book to bestseller status. If there is a book out there you need to launch YOUR book the right way, this is it. The HGoBL contains loads of valuable resources spread out over three volumes that includes: In the info graphics of launching and Social Media. Mimi walks us through the steps she uses to set her book up for success from the beginning. She crates a landing page for her book, Tweets it out, posts on FB, and puts it up on her website for readers/authors to check out. Building buzz in this initial stage is essential. **VOLUME 1:** The first part of the book is volume 1 and contains everything Mimi uses to promote and share the content of her book before it is launched. Mimi shares her 10-step marketing plan, where to get a free landing page at Booklaunchio, and to make your own info graphics at Canva outlines here step-by-step plan for launching the book and the

promo sites she uses for this that include the best promo sites for getting the word out there and attracting buyers. There are links and resources here that the author use sth promote her books to a massive audience. She has done all the work by providing the links straight up so authors don't have to waste time scrolling through websites or guessing what needs to be done next. I also love the cheat sheet she has provided as well as other amazing resources such as a list of the 200 Free FB groups and a list of promo sites to use according to the Alexa ranking. This makes using the material possible during the launch.

VOLUME 2: Volume 2 of the HGoBL takes authors into more great material with the 5 steps to a Successful launch. In this section Mimi covers the topics vital to telling your story as an author.

1. Writing a proposal for your book
2. Creating structure for your book: this includes formatting, getting feedback and sending the book to beta readers
3. Building a support team
4. Get reviews on : Mimi provides lots of great tips and strategies here for reviews, what to do and what NOT to do on .
5. Social Media connections and finding the right fit for your market
6. How to get a bestselling banner on ;
7. Finding the right categories
8. Figuring out keywords
9. Sharing blog posts to the BIG 5
10. How to set up promotions
11. Loads of LINKS for RESOURCES.

This book is stacked with links that is going to save you hundreds of hours!

VOLUME 3: THE EXTRA AWESOME SAUCE Volume 3 is fantastic. But as Mimi states from the beginning, this chapter is not essential for a successful launch and only needs to be read if you want to make money from a bestselling book. In volume 3 she covers the products and services that one can offer in order to upsell a product at the end of the book or lead the reader into a series of automated emails after they have signed up via a lead magnet. Yes, this chapter gets heavy so unless you want to take your book to the next level, it may not be necessary. There are some great resources listed in this section, beginning with an introduction to Kindle Scout. I didn't know about this fantastic platform and it looks like it could be worth a try. Also strategies [Via Michael Hyatt's blog] on how to launch a bestselling book. She also includes several interviews with best-selling authorpreneurs that are doing things right in the publishing world. Again, Volume 3 is packed solid with enough actionable content that you can get to work and start making your book and brand into a real business.

So what is the real deal with "The Holy Grail of Book Launching?" It's a solid read with no fluff and just great stuff. You will get your book off and running, published, promote the heck out of it and with all the tips, strategies, links and a pile of resources at your disposal in this book, you can't go wrong. Mimi knows how to support authors, and she is a maser when it comes to the publishing business. A DEFINITE must-have if you are getting ready to launch your next book!

This is an outstanding book. There are so MANY books out there as you may already know that makes outrageous claims of selling thousands of books within a day or two and making enough money in a month to make one want to quit their real daytime job. This book does not. It is not a quick get rich book. It is, however, a realistic, practical guide to giving your book the best chance of being well received. I could go on and on and tell you about all the fantastic and great links that are in the book, the downloadable PDF's, the action plans, and etc. But some will understand, and some won't. Please don't be the small number that just pass this by and let their book slowly get dust and fade away. Buy today and allow your book to get the success it deserves.
