## Customer Reviews

I voluntarily read an advanced reader copy of this book and then I bought it because I loved it. Here's why you should too: This was an amazing, steamy, and emotional read. Seriously, the characters all felt authentic, there was no overblown melodramatics or contrived emotional baggage and that really set the emotional tone for the story. Nadia, Perry, and Lincoln all feel like real people, which is pretty hard to imagine when it sounds like the lead-in to a joke " a billionaire, an action star, and an ex- navy SEAL walk into the woods" but it 100% works. Assuming MMF is your cup of tea, you absolutely cannot go wrong here. You may want to have a cozy blanket and/or friend handy while reading this book. I read it in 85 degree heat in Florida and there were times I was shivering just imagining all the things nature threw at this intrepid trio.

Nadia Marson heiress to the multi-billion mega corporation Marson Oil & Gas. Lincoln Easley Hollywood movie actor. Perry Evans instructor/owner of Survive Anything. You would think these three wouldn't have a thing in common or how wrong you would be. After a life altering encounter with a hurricane Nadia wants to learn survival so she doesn't feel as helpless as she did when stuck on a tropical island in a category 5 hurricane. Lincoln needs to learn what he can from Survive Anything's 3 week course for an upcoming role. Perry needs these 2 in his course badly his company is barely hanging on and his competitors trying to get him to close shop. After meeting with his two students Perry got a call his partner Clyde had been in an accident and wouldn't be able to help him with radio contact in case of an emergency. While he informed his students that he would have to conceal this course for security reason neither Nadia or Lincoln wanted that and convinced Perry to go ahead with the course. That night before they were scheduled to leave the three meet for drinks in the hotel bar one thing lead to another and the THREE ended up with a night together they wouldn't forget. The chemistry between the three was off the charts. For the next three weeks living in very close quarters there attraction for each other grows. I'm not going to spoil all the fun read the book it is definitely worth it. Nicole Stewart has a way of making her stories scorching hot you won't be able to put it down. I received an advanced copy of this book

I reviewed an ARC copy voluntarily and I'm giving an unbiased review based on my reading the book. Wow!! I think Survival for Three might be your best one yet. Nadia, Perry and Lincoln are so

far apart in the type of lives they have that they really are the perfect lovers! I couldn't put it down and really felt the story in my soul!! Such amazing characters you create and I love these three!! Thank you again for making reading a pleasure! You are truly the best!! Must buy!!! Must read!!!

Ã  Ã'Ã`Ã  Ã Ã`Ã  Ã Ã`Ã`

I had high hopes for this book after reading the sample but, unfortunately, it did not measure up. In the first place, the situations these characters were in were not at all realistic. Secondly, a real survival guide would have been way better equipped to deal with the ridiculous situations these characters found themselves in. In addition, there was very little chemistry between the characters and most if the time it seemed as if Nadia was a third wheel. It came off as the men being WAY more interested in each other and she was just thrown in to make it a menage book. I like my menages to be equal partnerships where everyone is equally important and they are all equally attracted to each other rather than it feeling unbalanced like this one. None of the characters were compelling and left a lot to be desired. I'm sorry, I would not recommended this book.

Survival for Three by Nicole Stewart Five stars Nicole never disappoints. This story is about Lincoln, the rising star of action films, Perry, the ex-seal that owns a survival school and Nadia an oil heiress. Perry takes groups of two or three students out to the woods and teaches them to survive. Lincoln needs survival training to land a role in a new movie. Nadia made a promise to take survival training if she survived a hurricane that she found herself in the middle of. When these three come together it is electric. What will happen when they come out of the woods? Would they be strong enough to stay together? This is a must ready!

Another great read that really grabbed me. Nadia, Lincoln and Perry are each dealing with their own issues, trying to find their true selves. I enjoyed their journey, the connection, the heat but also this excitement and danger that they faced. It's a must read! I received a copy of this book and am voluntarily leaving an honest review.

I voluntarily read an ARC of this book and then bought it! Loved this story that much! Everyone needs to read this story! You have a billionaire and an action star sign up for a 3 week survival course taught by an ex-SEAL. Even though the three come from totally different lifestyles, they have a chemistry that is believable. Lincoln and Perry are both alpha males but know how to

take care of Nadia's needs as well as each others! You will love the adventures and the steamy scenes. You will relate to characters and the situations they go through and will not be disappointed! Could not put it down! Nicole you did it again! Thank you for another great story if not the best.Ã¢Â•Ã¤Ã¢Â•Ã¤

Another scorching book by this Author. The chemistry between the three was so believable that once started I couldn't put it down. I love books that are filled with passion, romance and a little bit of naughty behavior. I would recommend this book to anyone looking for a little spice to brighten up their day.
