## Customer Reviews

This is a cute little journal. The cover feels really nice - similar to Selina's coloring books. The paper is decent, albeit a bit thin. There is some ghosting with markers, and some juicier markers bleed through. Heavy-handed colored pencils sometimes make the ink smudge on the illustrations throughout....but they are so beautiful! The grid is a little large for my taste, but I am glad I bought this journal.

I love this journal. The artwork & inspirational quotes throughout it are simply amazing. I can't wait to begin using it. Also looking forward to a mermaid version as I know my daughter would love it!

This is a beautiful book! I have all of her coloring books and get more enjoyment from them than any other books I have. The pictures are so detailed and turn out so beautifully. Am trying not to rush through the pages.

I absolutely love a journal to write and color in!That is the best idea ever!You are my inspiration
