Customer Reviews

Great for the beginner artist.

When the editorial review states that the book is 'perfect for beginners', the reader can believe that it is true. I have searched through dozens of "How to Draw and Paint" books designed for beginners and have been painfully disappointed. This book is delightful to read, easy to understand, and visually a delight to behold. As an adult, it is refreshing to find a book that helps the beginner in the quest for artistic vision but that stimulates the intellect as well. Thank you Hazel Harrison.
