Wolf's Surrender: Shadow Agents/PSI-Ops, Book 1

Synopsis

Total surrender doesn't come easy to a natural-born alpha. Shape-shifting special operative Brad Durant has been held against his will by the enemy for nearly a year. He's given up hope and is fast giving up his will to survive - that is, until a hot-tempered, redheaded succubus is placed in the cell next to his. She calls to his wolf on a primitive level and he won't let anyone or anything harm her. Giving his body to the little minx is easy, but guarding his heart is much harder.

Immensely enjoyable adventure!!! Great Story! Brad, a wolf, and Alice, a Succubus, made a fantastic pair. Captured by a very bad group and they survived and escaped! They recognized that they were destined to be mates! Highly recommend this story to other readers! This was my first book in the Immortal Ops World. I definitely will be going back at the beginning and reading the entire series.

I love all these books. Get them. Sexy shifters and exciting dangerous situations. A world and situation that we keep learning more about. It's all great and, at this point, I feel like I know so many of the characters and stories that I see the connections between them and I really look forward to more.

I have loved every single one of the Op's series and have rated each of them with 5 stars until this one. It felt like a repeat of Mae and Corbin's story just from a different perspective. I'm still waiting

for Striker's book! Would I recommend this book? Absolutely positively yes!! I just wish it more original content.

This was a great book, particularly if you have not read the prior book in the series. The first half of this book was basically a recap of what happened in the last book from a different point of view and with additional details. Two girlfriends are kidnapped by evil scientists wanting to breed them. The last book was Mae's story. This book is Alice's story. The two books are very tightly interwoven with very different outcomes. Both books and stories are superb.

I've been a big fan of the Immortal Ops/PSI world for a long time. This book made me love them that much more. But I'm still waiting for Striker's story.

Love this book !!! Ties right in with the other books in the Immortal Ops, PSI Ops, Shadow Ops series but it a fantastic read as a standalone story as well. Never a disappointment in Ms. Roths books.

I loved this book. It is a stand alone book with a HEA. This is book 1 of the new series Shadow Agents / PSI-Ops. I recommend this book to all shifter lovers. Looking forward to the next book in the series. It is an awesome adventure ride.

Wolf's Surrender is a great beginning of the new I-Ops Shadow Agents series. You're introduced to Brad and Alice in Act of Command, but now we have their full story. Brad is pretty similar to other wolf shifter characters; he's tough, resilient, and protective of women. Alice is a succubus who is doing her best in a bad situation. Their chemistry is explosive, resulting in some very sexy scenes. Their story is a good one. There is also an appearance by two of my favorite Ops characters. I was so excited when they showed up, being their awkward selves and being hilarious.
