England And Wales Classic [Tubed] (National Geographic Reference Map)

Synopsis

National Geographic's Classic style wall map of England and Wales (Cymru) provides exceptional detail of two of the three regions that make up the island of Great Britain. The map features a bright color palette with blue oceans and terrain detailed in stunning shaded relief that has been a hallmark of National Geographic wall maps for over 75 years. Administrative divisions are clearly defined and thousands of place names including cities, historical sites, bodies of water, national parks, and more are shown. The region's transportation infrastructure is detailed as well, with clearly indicated roads, motorways, airports, canals, ferry routes, and high-speed and passenger railroads. Coastal bathymetry is shown with depth curves and soundings. In addition to England and Wales (Cymru), coverage includes portions of Scotland, Northern Ireland, Ireland, and France. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:868,000 Sheet Size = 30" x 36"

Book Information

Series: National Geographic Reference Map

Map: 1 pages

Publisher: National Geographic Maps; 2017 edition (March 3, 2017)

Language: English

ISBN-10: 1597754870

ISBN-13: 978-1597754873

Product Dimensions: 2.4 x 2.4 x 31.5 inches

Customer Reviews

Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

perfect map for planning a trip to England. Surprising amount of detail.

Nice large map. Need to frame it.

my daughter n law is home schooling. she was really glad to get this.

brother loves it, took a bit to receive - but, all is good

Just what is usually expected from National Geographics. Are there better maps?

Very nice map.

This map was great and shows parts of Ireland Scotland and just a bit of France. If you look closely, you can see the counties, or regions of England which was also useful. I would recommend this if you are traveling (it is large, so it is a wall map) or for educational purposes.

High quality. Speedy delivery.
