Best Sellers Rank: #30 in Books > Teens > Historical Fiction > Asia #163 in Books > Teens > Mysteries & Thrillers > Historical #934 in Books > Teens > Mysteries & Thrillers > Mystery & Detective

Customer Reviews

Back in the six grade, which was in like 2002 for me, I was looking in the Library at school for a book I had to do a report on. The Teacher had assigned us books and all I remembered was that mine had "Ghost" in it. Being the lazy little brat I was, I grabbed it and checked it out. As a dyslexic person, I hated and really still do hate reading...less I find something that catches my attention. Which is exactly what this book did for me. Truly thought my Teacher knew me very well, assigning me a Japanese themed book with how much I liked Japan (turns out I did have the wrong book though).I fell in love with this series so much, when I changed schools and they didn't have any Hoobler Books, I caused a fuss until they got them in. Can't wait for future books.

I loved the story and hope the girl I donated it will like it too

My son read this book for school. I read it as well and enjoyed the view of 18th century Japan that the book offered. The main character is an early teen boy that learns to be on his own. Boys will be able to relate to this book. My son and I both learned a good amount of the Japanese culture. The

book had a surprising ending - which almost makes you want to read the book again.

A part of my favorite series that I love and I'm collecting. I'm very happy with my purchase and now I'm just trying to reach the requirement of words.

I bought this book for my 11-year-old daughter and she read it non-stop and then recommended that I read it, too (which I thoroughly enjoyed doing). The plot is exciting and the book includes many subtle educational components about Japanese culture and the Samurai tradition. It is NOT a ghost story, but rather a mystery about a theft. Very well-done. We both look forward to reading other books in the series.

I used the book to tutor a middle school student, but I also enjoyed the book. Hopefully, his interested helped the student with reading comprehension.

This book was a good choice for one of my son's required genre's for school. He found it fascinating and kept him interested - which is rare for a book.

It's is about a stolen jewel that was replaced by a fake glass one and a boy sees the thief
